Eagleforce RxRecovery™ Benefit Eligibility Solution leverages a patented technology to seamlessly aggregate, integrate and analyze disparate patient data and benefit information in real-time for establishing persistent universal eligibility to coverage access programs. EagleForce's proprietary patient registry on over 270M individuals with over 900 data elements across clinical, demographic, financial, environmental, and behavioral factors which are populated and refreshed 6x per day results in the most accurate and complete Benefit SMART Registry™ for evaluating claimants Benefit Eligibility. Automated trigger performs electronic eligibility verification within 30 milliseconds providing eligibility information in workflow to client portal, pharmacy or providers office.

RxRecovery™ Solution provides real-time insights on any form of benefit eligibility for that patient including low income subsidy, PAP, state medicaid, spousal benefits, medical benefits, etc. The system is also securely connected virtually to every health plan in the country allowing for Real-Time Processing of information.

EAGLFORCE SOLUTIONS PROVIDE FLEXIBLE INTERGRATION OPTIONS TO BEST MEET ORGANIZATION NEEDS

ABOUT US
EagleForce Health's pedigree was established within the Intelligence, Defense and Homeland Security sectors and is recognized as a leading technology solution's company providing a broad range of eligibility systems development, organizational and operational assistance to "Big Data" processing including interoperability, predictive analytics, and IT functions. Our evidence-based eligibility & real-time monitoring systems have been deployed to solve some of the biggest technology challenges in the world including direct support to pharmaceutical manufacturers and pharmacies specific to the Federal Anti-Kickback Statute.
