# EagleForce Health

## Who We Are

EagleForce Health provides Pharmacy and Healthcare AI empowered Predictive Analytics Technology for Real-Time Verification and Monitoring. EagleForce systems look across most payer plans to help our clients meet full compliance with Anti-kickback and other statutory regulations. Our products reach every Point-of-Sale Pharmacy throughout the 50 states and 9 Territories, providing these benefits through our 270,000,000 Master Person Index. Our solutions allow seamless integration within Pharmacy or EMR workflow, providing fast answers to maximize coordination of benefits while eliminating risk.

## Why Choose Us

### Deep Industry Experience

EagleForce Health's pedigree was established within the Intelligence, Defense and Homeland Security sectors and is recognized as a leading technology solution's company providing broad range of eligibility systems development, organizational and operational assistance to "Big Data" processing including interoperability, predictive analytics, and IT functions.

### Patented Methodologies

Established methodology incorporates 14 Patents in Predictive Analytics. Through our persistent Machine Learning Algorithms & Covered Entity Attestation, EagleForce delivers high accuracy responses at the point-of-care.
