

GuardianRx™

Real-Time Claims Monitoring

Core Capabilities

Real-Time Pharmacy Claims Monitoring

Fraud Detection & Prevention

Copay Program Oversight

Provider & Patient Verification

Prescription Validation

Pharmacy Risk Identification

AI-Driven Analytics

Compliance & Audit Support

GuardianRx™ is a real-time claims monitoring solution designed to proactively detect, prevent, and flag any copay card misuse or improper claims activity in workflow before claim is paid. Unlike other post-pay methods, GuardianRx combines advanced analytics, AI-driven insights & real-time alerting to help validate Copay claims and protect against fraud, waste or abuse resulting in optimized copay and affordability programs.

Why Choose Us

- ✓ Instant alerts at the point of transaction
- ✓ Advanced analytics to detect patterns and reduce fraud risk
- ✓ Supports Copay requirements with Real-time monitoring
- ✓ Integrates easily with existing pharmacy and claims systems
