

IMPROVED OUTCOMES

MIMIRX™ SMART DIGITAL HEALTH SYSTEM

**Secure. Connected.
Personalized Healthcare.**

SMART DECISION SUPPORT

PATIENT EMPOWERMENT

CONNECTED CARE

MIMIRx™ is a Smart Digital Health platform designed to simplify and secure the way patients and providers manage medical data. MIMIRx™ patient-centric approach empowers individuals with access to their data and care teams with real-time access to comprehensive health records—combining medical history, medications, symptom tracking, and device data in one connected system. Our mission is to improve healthcare outcomes through better data, smarter coordination, and patient-centered control.
