Real Time Benefits Investigation (RTBI)

Real-Time Insurance Benefit Check

Real-Time Benefits Investigation has a direct system connection to virtually every health plan and point of sale pharmacy providing an automated trigger that performs electronic benefit check within seconds allowing patient to receive benefit before leaving the pharmacy or providers office. Our system provides real-time insights on formulary (according to health plan), Troop (true out-of-pocket), drug price, copay amount, coinsurance, deductible, remaining stop-loss (Out-of-Pocket), name & location of preferred pharmacy and estimated patient out of pocket for medication.

RTBI provides answers to most commercial Health Plans and Pharmacy Benefits. The system is securely connected allowing for Real-Time Processing of information within workflow delivering patient specific benefit or cost information at the point of care or enrollment for verified, seamless, uninterrupted, and actionable results.

ABOUT US

EagleForce Health's pedigree was established within the Intelligence, Defense and Homeland Security sectors and is recognized as a leading technology solution's company providing a broad range of eligibility systems development, organizational and operational assistance to "Big Data" processing including interoperability, predictive analytics, and IT functions. Our evidence-based eligibility & real-time monitoring systems have been deployed to solve some of the biggest technology challenges in the world including direct support to pharmaceutical manufacturers, pharmacies, and healthcare organizations.
